Haryana, India**

AMENDMENT No. 1 dated 28th March 2014.

To

**IFB No. : RITES/MSM/EPW/RNTCP/04/2013/WB for Procurement of LED Fluorescence & Binocular
Microscopes.**

The following amendments are made to the subject Bid Document:-

Sl. No.	Bid Document Clause Reference	Existing	Modified
1.	Where ever it is appearing in the bid document	Deadline for bid submission : 2.4.2014 : 14 00 Hrs	Deadline for bid submission : 16.4.2014 :14 00 Hrs
2.	Where ever it is appearing in the bid document	Time & date of opening of Bid : 2.4.2014: 14 15 Hrs	Time & date of opening of Bid 16.4.2014 : 14 15 Hrs
Section II :Bid Data Sheet			
3.	ITB 14.8(b) (i) & (c) (v) of BDS Para 2, Pg 36 of 149	The Purchaser is responsible for providing exemption letter for Custom/Import duties within seven working days on receipt of notification from supplier. The supplier shall notify the purchaser about the anticipated date of arrival of consignment(s) at least 15 days in advance. The supplier is responsible for custom clearance of goods and transporting the consignment(s) to final destinations as indicated in Schedule of Requirement (Section VII).	The Purchaser is responsible for providing exemption letter for Custom/Import duties on receipt of notification from supplier. The supplier shall notify the purchaser about the anticipated date of arrival of consignment(s) at least 15 days in advance. The supplier is responsible for custom clearance of goods and transporting the consignment(s) to final destinations as indicated in Schedule of Requirement (Section VII).
4.	ITB 22.2(c) of BDS Pg 40 of 149	IFB Number: RITES/MSM/EPW/NVBDCP/04/2013/WB	IFB No. RITES/MSM/EPW/RNTCP/04/2013/WB
Section III: Evaluation and qualification criteria			
5.	3 Qualification,	The Bidder shall furnish documentary	The Bidder shall furnish documentary evidence

Sl. No.	Bid Document Clause Reference	Existing	Modified
	3.1 Post qualification Requirements (ITB 36.1) (A) (i) Financial capability (If Bidder is Manufacturer) Pg 47 of 149	evidence that it meets the following financial requirement(s): a) The bidder who are also the manufacturers, should have average annual sales turnover of minimum of three (3) times the quoted value of the Goods during the last five years to qualify for one schedule. To qualify for multiple schedules the turnover requirement shall be the sum of requirements against individual schedule.	that it meets the following financial requirement(s): a) The bidder who are also the manufacturers, should have average annual sales turnover of minimum of one (1) time the quoted value (each schedule) of the Goods during the last five years to qualify for one schedule. To qualify for multiple schedules the turnover requirement shall be the sum of requirements against individual schedule.
6.	3.1 Post qualification Requirements (ITB 36.1)(A)(ii) Experience and Technical Capacity, Pg 48 of 149	The Bidder shall furnish documentary evidence to demonstrate that it meets the following experience requirement(s): The bidder should have successfully completed or substantially completed within the period of last five years at least one Contract of similar products (Microscopes) to the extent of at least 50% of the quantity indicated against each schedule under “Section –VII, Schedule of Requirements” in any one of the last five calendar years. They should not have any adverse report regarding supplies for at least five years on the date of bid opening. A declaration may be furnished.	The Bidder shall furnish documentary evidence to demonstrate that it meets the following experience requirement(s): The bidder should have successfully completed or substantially completed within the period of last five years at least one Contract of similar products (Microscopes) to the extent of at least 50% of the quantity indicated against each schedule under “Section –VII, Schedule of Requirements” in any one of the last five calendar years. They should not have any adverse report regarding supplies for at least five years on the date of bid opening. A declaration may be furnished. The cumulative criteria will not be applicable for one completed contract (as above). That is, if a firm qualifies for a schedule with quantity “x “ no’s then it will qualify for all schedules whose quantity is less than “x” no’s against the same completed contract.
7.	3.1 (A) (ii) Experience & Technical capacity item (ii) Pg 48 of 149.	Bidders shall furnish documentary evidence (like Client’s certificate) in support of the satisfactory operation of the goods as specified above.	Add the following : Bidders shall furnish documentary evidence (like Client’s certificate) in support of the satisfactory operation of the goods as specified above. Bidder shall submit along with the bid Type test certificate of the relevant optical and mechanical tests from a recognized competent authority.
8.	3 Qualification, 3.1 Post qualification Requirements (ITB 36.1) (B) c) Pg 49 of	c) The bidder should have average annual sales turnover of minimum of two (2) times the quoted value of the Goods against the schedule quoted during the last five years to qualify for that	c) The bidder should have average annual sales turnover of minimum of 50 % of the quoted value of the Goods (for each schedule) against the schedule quoted during the last five years to qualify for that schedule. To

Sl. No.	Bid Document Clause Reference	Existing	Modified
	149 (If Bidder is not Manufacturer)	schedule. To qualify for multiple schedules the turnover requirement shall be the sum of requirements against individual schedule. The bidder will also submit the reports on financial standing of the bidder such as profit and loss statements, balance sheets and auditors report for the past three years, bankers certificate, etc duly certified by the auditor of the company.	qualify for multiple schedules the turnover requirement shall be the sum of requirements against individual schedule. The bidder will also submit the reports on financial standing of the bidder such as profit and loss statements, balance sheets and auditors report for the past three years, bankers certificate, etc duly certified by the auditor of the company.
9.	3.1 Post qualification Requirements (ITB 36.1)(B)If Bidder is not manufacturer, Pg 49 of 149 :	d) If a Bidder is not a manufacturer, but is offering the Goods on behalf of the Manufacturer under Manufacturer's Authorization Form (Section IV, Bidding Forms), shall demonstrate that it has successfully completed at least Three(3) contracts of similar goods (Microscopes) in the past Three(3) years	d) If a Bidder is not a manufacturer, but is offering the Goods on behalf of the Manufacturer under Manufacturer's Authorization Form (Section IV, Bidding Forms), shall demonstrate that it has successfully completed at least Three (3) contracts of similar goods (Microscopes) in the past Three (3) years. The cumulative criteria will not be applicable. That is if a bidder has completed at least Three (3) contracts of similar goods (Microscopes) in the past Three (3) years then they would also qualify for other schedules quoted.
Section VII: Schedule of Requirements			
10.	Schedule of Requirements	1. List of goods and Delivery Schedule as existing.	Amended List of goods and Delivery Schedule (Annexure -1)
11.	3. Technical Specifications A. Technical Specifications of LED Fluorescence Microscopes for revised National TB Control Programme Para 1 of Nosepiece Pg 88 of 149	Backward tilted revolving nose piece to accommodate at least 4 objectives, any ports not covered by an objective should be closed with dust proof metallic or hard plastic screw caps.	Backward/outward tilted revolving nose piece to accommodate at least 4 objectives, any ports not covered by an objective should be closed with dust proof metallic or hard plastic screw caps.
12.	3. Technical Specifications A. Technical Specifications of LED Fluorescence Microscopes for revised National TB Control Programme : Para 1 of Focusing	Co-axial coarse and fine focusing knobs capable of smooth fine focusing movement over the full range of coarse travel. The fine focusing movement should have a sensitivity of at least 500 µm per rotation over the entire coarse focusing range. Focusing knobs should be at both sides. A focusing stop safety arrangement/mechanism should be provided to avoid slide breakage, as well as	Co-axial coarse and fine focusing knobs capable of smooth fine focusing movement over the full range of coarse travel. The fine focusing movement should have a sensitivity of two microns or less (finer) with 200-500 µm per rotation over the entire course of focusing range. Focusing knobs should be at both sides. A focusing stop safety arrangement/mechanism should be provided to avoid slide breakage, as well as a total range of at least 15 mm.

Sl. No.	Bid Document Clause Reference	Existing	Modified
	knobs Pg 89 of 149	a total range of at least 15 mm.	
13.	3. Technical Specifications A. Technical Specifications of LED Fluorescence Microscopes for revised National TB Control Programme : Eye Protection , Pg 89 of 149 Para 2	Providing bright illumination when used in bright field.	Optional: A self-standing mirror unit adapted to the space between base and substage condenser, providing bright illumination when used in bright field.
14.	3. Technical Specifications A. Technical Specifications of LED Fluorescence Microscopes for revised National TB Control Programme :Operation, maintenance and installation ; Installation Pg 90 of 149	<p>Bidders should provide a live demonstration unit for technical evaluation and the bidder must arrange for the equipment to be installed by certified or qualified personnel; any prerequisites for installation to be communicated to the purchaser in advance, in detail.</p> <p>The bidder to also provide on-site user training (including how to use and maintain the equipment) and on site (at the site of manufacturer and authorized agent) 100% inspection before accepting the materials by a team nominated by the purchaser.</p>	<p>The successful bidders must arrange for the equipment to be installed by certified or qualified personnel; any prerequisites for installation to be communicated to the purchaser in advance, in detail.</p> <p>The bidders to also provide on-site user training on how to use and maintain the microscope.</p> <p>Inspection</p> <p>On site (at the site of manufacturer/ authorized agent) 100% inspection would be conducted by a team nominated by the purchaser before accepting the materials.</p>
15.	3. Technical Specifications B. Technical Specifications for Binocular Bright field Microscopes (Revised National TB Control Programme) Point 3; Technical Specifications; 3.9 Focusing knob, Para 1Pg 93 of 149	Co-axial coarse and fine focusing knobs capable of smooth fine focusing movement over the full range of coarse travel. The fine focusing movement should have sensitivity of two microns or less (finer) over the entire coarse focusing range. The focusing knob should be on both sides. A focusing stop safety arrangement should be provided	Co-axial coarse and fine focusing knobs capable of smooth fine focusing movement over the full range of coarse travel. The fine focusing movement should have sensitivity of two microns or less (finer) with 200-500 µm per rotation over the entire course of focusing range.
Section IX & Section X
